## EMOTIONAL INTELLIGENCE AND INTERVENTION IN NON-NORMATIVE BEHAVIOUR AND GENDER BULLYING

As the AGDISTIS project comes to a close, we reflect on an inspiring journey dedicated to advancing inclusion, emotional intelligence, and diversity in education. Over the course of this project, we've worked with incredible educators, students, and partners who have enriched this mission with their enthusiasm, expertise, and commitment.

Our vision has always been to build a world where education celebrates every individual's unique qualities, fostering supportive connections and empowering learning for all.

Together, we have taken significant steps toward making this vision a reality.

### Final Transnational Meeting in Rome

On October 10-11, 2024, our project partners met in Rome for a pivotal transnational meeting. This gathering was a celebration of our collective achievements and a chance to discuss the final outcomes of the AGDISTIS project. The meeting marked the culmination of years of collaboration, dedication, and growth, leaving us inspired to carry the spirit of AGDISTIS into the future.

## EMOTIONAL INTELLIGENCE AND INTERVENTION IN NON-NORMATIVE BEHAVIOUR AND GENDER BULLYING

### Multiplier Events and Seminars Across Europe

One of the highlights of our journey has been the implementation of seminars and multiplier events across our partner countries — Italy, Spain, Turkey, and Austria. These events created opportunities for educators and students to explore and embrace the principles of inclusive education. Teachers participated in engaging workshops, while students were introduced to tools that enhance inclusion, emotional understanding, and mutual support.

The positive encounters and feedback we received during these events reaffirmed the value of the AGDISTIS project. In classrooms, we saw students embrace diversity with open minds and hearts. Teachers shared that the toolkit materials enriched their teaching practices and supported their own mental well-being.

### Looking Ahead: Sustaining the Impact

While the AGDISTIS project officially concludes, its legacy endures. We are deeply grateful for everyone who contributed to this mission—teachers, students, partners, and supporters. Together, we have laid a foundation for inclusive education that goes beyond classrooms and touches communities.

Looking ahead, we hope the resources, tools, and methodologies developed during AGDISTIS will continue to inspire educators and stakeholders towards inclusion and emotional intelligence. The journey doesn't end here; it's an ongoing commitment to shaping a brighter and more inclusive future.

To all who joined us on this transformative path: thank you! Your passion, dedication, and belief in the power of inclusive education have made this project a success. Let us carry forward the lessons we've learned and the connections we've built, ensuring that the ripple effect of AGDISTIS continues to inspire for years to come.
