

Project Goals

- Enhance teachers' abilities to manage non-normative gender behavior.
- Promote emotional intelligence among students.
- Foster an inclusive and supportive school environment.

About Us

Agdistis (Αγδιστις) is a complex and fascinating figure from Phrygian mythology, representing a non-normative and gender-ambiguous entity.

In project focus on “Emotional Intelligence and intervention in non-normative behavior and gender bullying” invites us to embrace diversity, challenge societal norms, and cultivate empathy

We aim to empower individuals to break free from the shackles of gender-based bullying and create a world where everyone is valued and respected, regardless of their gender identity or expression. Together, let us embark on this journey towards emotional intelligence, inclusion, and lasting change.
